

2-way-motorized ball valve 2" automatic return

2-way-motorized ball valve with electric actuator
mechanical position indicator and automatic return

Function:	open-close ball valve
Connection:	female thread Rp 2", PN10
Passage:	DN 50, kvs 49.0
Approved media:	water, glycol
Fitting:	stainless steel 1.4301, AISI 304
Closing body:	stainless steel 1.4301, AISI 304
Spindle:	stainless steel 1.4301, AISI 304
Seal:	PTFE / FKM
Medium temperature:	-10 ° C... + 90 ° C
Leakage rate A-AB:	air bubble tight

Nominal voltage:	AC / DC 12-24 V
Current:	1000 mA max.
Control:	open-close 100%
Control type:	2-wire
Torque:	10 Nm
Running time:	13 s
Minimum opening time:	60 seconds
Angle of rotation:	90 °
Connection:	cable, wire, 10 m
Max. Full cycles:	70,000
Degree of protection:	IP 67
