

# Nano Box

universal junction box

## Universal connection box

For the following possible applications:

### iFerm Nano Tank

- Electricity supply and/or extension
- Data supply and/or extension
- Valve cable connection

### iFerm Nano Solo

- Electricity supply and/or extension
- Data supply and/or extension

### EFC and AFC

- Control signal, Sensor cable, Valve cable connection

### IdroFlow

- Control signal, Sensor cable connection

### IdroFlow Air

- Control signal, Valve cable connection

## Technical Specifications:

- Fixed terminal strip: 5 terminals at 2 terminal clamps for up to 4x2.5 mm<sup>2</sup>
- Clamping yoke terminal release: 2 points at 2 terminal clamps up to 1.5 mm<sup>2</sup>
- Cable glands: 4x M20 / 2x M12 m. Red.
- Cable entry points: through knockouts
- Mounting option: mounting brackets
- Housing: PC (Polycarbonate) with GF
- External Colouring: black, RAL 9011
- External measurements: H104 x W104 x D70 mm
- Weight: 250 g
- International protection code: IP65
